

Martin Siegrist

Architect HTL; Lucerne University of Applied Sciences and Arts. Martin Siegrist is the co-founder of number_5 GmbH, a platform for architecture and art based in Villnachern Switzerland. Throughout his career he has explored different fields related to space and the use of space, and interdisciplinary collaborations with other professionals have led to expanding perception of the nature of space. From 2010 until 2016 he was member of the construction group for the Swiss Agency for Development and Cooperation (SDC). He lives and works in Switzerland.
